

MAUI-JustifyLabel

Justify label for MAUI

Provides the ability to justify the text in a Label via attached property or by using a custom control.

nuget **v1.0.0**

Windows

Control test.

Justified label control:

Lorem ipsum dolor sit amet, consectetur adipiscing elit. Nunc ornare maximus vehicula. Duis nisi velit, dictum id mauris vitae, lobortis pretium quam. Quisque sed nisi pulvinar, consequat justo id, feugiat leo. Cras eu elementum dui.

Regular label:

Lorem ipsum dolor sit amet, consectetur adipiscing elit. Nunc ornare maximus vehicula. Duis nisi velit, dictum id mauris vitae, lobortis pretium quam. Quisque sed nisi pulvinar, consequat justo id, feugiat leo. Cras eu elementum dui.

Attached property test.

Justify label ☒ On

Lorem ipsum dolor sit amet, consectetur adipiscing elit. Nunc ornare maximus vehicula. Duis nisi velit, dictum id mauris vitae, lobortis pretium quam. Quisque sed nisi pulvinar, consequat justo id, feugiat leo. Cras eu elementum dui.

Lorem ipsum dolor sit amet, consectetur adipiscing elit. Nunc ornare maximus vehicula. Duis nisi velit, dictum id mauris vitae, lobortis pretium quam. Quisque sed nisi pulvinar, consequat justo id, feugiat leo. Cras eu elementum dui.

Android

iOS

MacCatalysis

Usage:

Attached property

```
xmlns:justifiedLabel="clr-namespace:JustifyLabel;assembly=JustifyLabel"
```

```
<Label
    justifiedLabel:Label.JustifyText="True"
    Text="Some text" />
```

Custom control

On MauiProgram.cs

```
var builder = MauiApp.CreateBuilder();
builder
    .UseMauiApp<App>()
    .UseJustifiedLabel() //Add this line
    .ConfigureFonts(fonts =>
    {
        fonts.AddFont("OpenSans-Regular.ttf", "OpenSansRegular");
        fonts.AddFont("OpenSans-Semibold.ttf", "OpenSansSemibold");
    });
```

```
xmlns:justifiedLabel="clr-namespace:JustifyLabel;assembly=JustifyLabel"
```

```
<justifiedLabel:JustifiedLabel
    JustifyText="True"
    Text="Some text" />
```
